**Event:** The U.S. Bankruptcy Court for the Southern District of New York has approved Saint Vincent Catholic Medical Centers and its debtor-affiliates' proposed bidding procedures for the sale of St. Vincent's Hospital, Staten Island. The court has also authorized Saint Vincent and its debtor-affiliates to assume and assign executory contracts and unexpired leases related to the hospital to Castleton or to any successful bidder for the Staten Island assets.

**Event:** Saint Vincent Catholic Medical Centers plans to buy a property it has been leasing from Turnpike Gardens, Inc. and has sought a court judgment and order from the U.S. Bankruptcy Court for the Southern District of New York. The building has been used and continues to be used to house St. Anthony's Health Professions and Nursing Institute. Pursuant to the agreement of lease, the hospital had the option to purchase the leased property for \$4,200,000, if it elected to do so within a two-month window in March and April 2005. However, Turnpike Gardens has failed to comply with its obligations and has been in default under the agreement. Saint Vincent seeks to rectify the situation and intends to claim damages for the duration of the default.

**Event:** The U.S. Bankruptcy Court for the Southern District of New York has approved Saint Vincent Catholic Medical Centers and its debtor-affiliates' proposed bidding procedures for the sale of the St. Mary's Hospital Complex. The deadline to submit bids for St. Mary's is June 30. If the debtors receive qualified bids other than the proposal submitted by NAL of N.Y. Corp., the stalking horse bidder, an auction will be held on July 11.

In a separate event, the city of New York claims that it has substantial first liens for, inter alia, unpaid water and sewer charges which must be paid prior to any closing on the sale of Mary Immaculate Hospital and St. John's Queen's Hospital located in Queens, New York. The City is concerned that the debtors' plan to sell the hospitals and related assets free and clear of all liens may affect the city's liens with respect to the hospitals.

The amended memorandum of agreement will be effective retroactive to February 16, 2005, and will continue in full force and effect through February 15, 2008.
